

In celebration of World Autism Awareness Day

Workshops for Parents & Caregivers

TITLE: Keeping Children With Autism Safe

PRESENTERS: Christine Raymer & Adèle Desrosiers
Autism Intervention Program, CHEO

DESCRIPTION:

Keeping children safe is a priority for families with young children. Research tells us that children with autism are 2 to 3 times more likely to have serious injuries when compared to typical children. This workshop will discuss how we can implement strategies to improve safety in the home and in the community for children with ASD.

Wednesday, March 31

English Workshop: 9:30 to 11:30am

French Workshop: 1:30 to 3:30pm

Or

Thursday, April 1, 2010
