

In celebration of World Autism Awareness Day

present:

Workshop for Parents & Caregivers

**Title: Non-Violent Crisis Prevention and Intervention Techniques:
Intervening with Individuals with ASD**

Presenter: Training Institute Facility, Geneva Centre for Autism

Description:

This workshop will focus on methods of preventing the need for physical intervention and provide training in safe non-violent intervention techniques. The physical intervention techniques taught are designed to provide safe therapeutic control of acting-out behaviour. Discussion will highlight the experiences of those with an autism spectrum disorder (ASD).

This is not a certification course with the Crisis Prevention Institute

When: Wednesday, March 31, 2010

Where: The Bronson Centre, 211 Bronson Avenue

Time: 9:00am to 4:00pm

This workshop is free, but space is limited to 20 participants.

You must pre-register with Tracy @:
